

EMBODIES STRENGTH, DURABILITY & BEAUTY.

Grafton is made from tulipwood and a medium density fibreboard, two very stable materials, meaning longer lasting doors and stronger frames. The large glass cabinet panels and unembellished frames combine to reflect light throughout and create an open tranquil space.

CHOOSE FROM 21 STANDARD COLOURS OR CUSTOMISE.

Pick a paint colour to imprint your personal style upon your home. Our wide range of paint options allow you to showcase your personality and add character to your kitchen.

Wide Drawers

Wide drawers and carved gables enhance the sophisticated look and feel of Grafton.
