

GOLA USED WITH HORIZON

BEAUTIFULLY CONTEMPORARY.

Gola is fundamentally contemporary in concept, a perfect fit with the Horizon design. The C & J shaped aluminium handle channels respond to the modern desire for clean, light and minimalist styling in kitchen furniture. The channel profiles have a dramatic aesthetic effect on the kitchen but are functionally perfect.

GOLA DESIGN STYLES. YOU CHOOSE.

The handleless Gola system may be used with a variety of our different contemporary design styles e.g. Solo, Rift, Horizon and others. The wide variety of finishes and colours can be selected from the choices offered by each of the various designs.

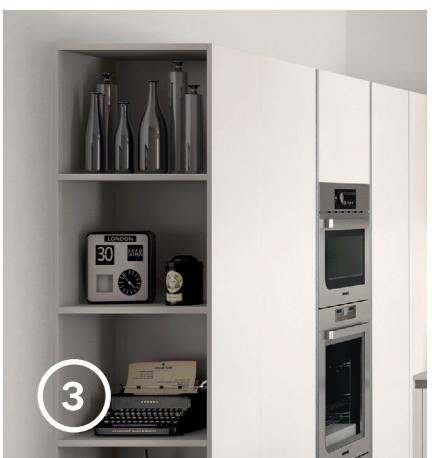

Brushed Aluminium Plinth

Add a brushed aluminium effect to create an intriguing mix of materials to your kitchen.

Kitchen Profile

The unique handleless system preserves a clean contemporary look.

Open Shelves

Choose these stylish shelving options to emphasise any contemporary space.

HORIZON USING GOLA

ELEGANT HANDLELESS DESIGN.

COMPLETE YOUR SPACE

150 Pull Out

The perfect solution for storing oils, spices, and smaller items in a slim space.

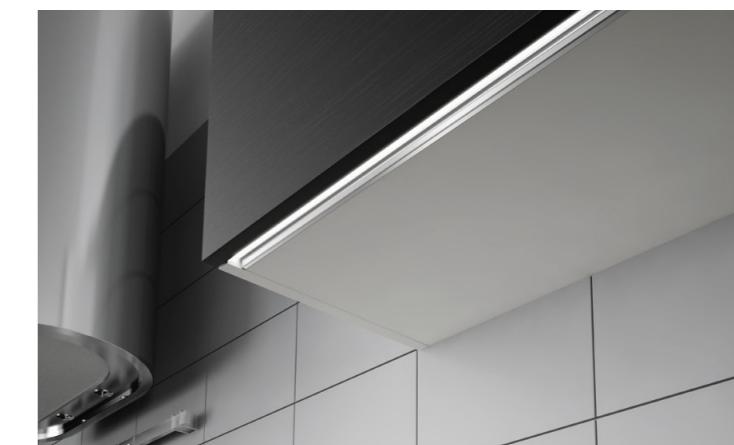

Cargo Bin

Easily store all of your household waste in a discrete pull out system.

Wide Drawers

Adopt Contemporary European styling with wide drawers.

Integrated Lighting: Skyline LED

Add lights to your handles, giving a distinct, modern look and feel to your kitchen, as well as directing lighting to the work surfaces.

WE RECOMMEND
USING THE COMPLETE
GOLA HANDLELESS
SYSTEM.

Gola is a handleless door solution that can be used across several ranges. These ranges include Horizon, Solo and Rift. This handleless solution allows your kitchen to breathe, strengthening the clean lines of the design. It works by creating space between the doors and the storage units. Simple and ingenious.
