

GOLA USED WITH SOLO

NO CLUTTER.
NO FUSS.
JUST GOOD DESIGN.

Solo creates a tranquil minimalist space. The smooth matt-finished cabinet doors and straight lines place the main focus upon your colour choices. Enhance and contrast the colour with brushed aluminium or stainless steel details and give it a modern, contemporary look and feel.

AVAILABLE IN WOODGRAIN EFFECT OR STANDARD FINISH.

Mix and match from our extensive paint palette or select a colour of your choice, to create an exciting space that truly feels like yours. The medium density particle board of Solo is particularly suited to the use of colour variants, as it's durable and allows for repainting at a later stage.
