

A NEW DIRECTION.

Rift truly embodies contemporary glamour. The smooth, matte surfaces are accentuated by the clean lines, crisp corners and fine wood grain shining through the paint and stain colours. The specially selected oak veneers allow the achievement of both horizontal and vertical grain patterns.

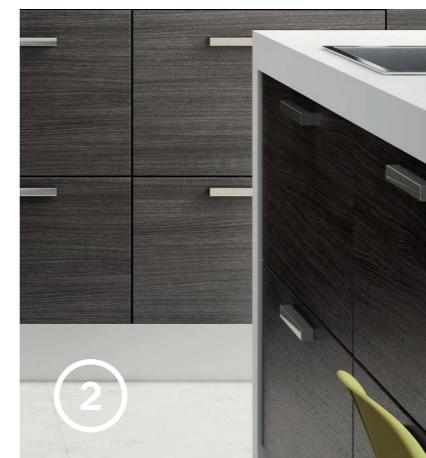

NATURAL, STAINED, PAINTED. YOU DECIDE.

Choose Rift in the colour of your choice, go natural with a clear lacquer or request the slate stain, for a sophisticated darker look. Our extensive paint palette of 21 colours allows you to pick the perfect colour to suit your taste, while our specialised painting techniques ensure that the texture of the wood grain shines through.

Full height larder doors 1970mm

Full height doors for an invisible bank of smart larder storage.

Special Veneer

We use this expensive oak veneer because of its uniform and consistent grain.

Versatility

Get creative by combining Rift with other contemporary ranges.

RIFT

BREAK
THE RULES.

COMPLETE YOUR SPACE

Drawer Inserts

Keep your worktops clear and organise your space with these clever drawer inserts.

Libell

Slimline and stylish clip-on shelving options ensure that every last inch of storage space is put to use.

Tiemos

The Tiemos soft close dampening system is built into the hinge and allows individual adjustment.

Integrated Lighting: Evometris LED Spotlight

Clean lines are best enhanced by the Evometris LED Spotlight. This stylish fitting brings illumination to your work surfaces.
